Dan-

Generally, I am in the office from 6am to about 3:30 pm eastern time and CWD the first Friday of the pay period. I don't have any travel plans until later in April for the NRRB. My schedule is up-to-date for the most part as you schedule the call.

Dave

**Subject:** West Lake Landfill: PRPs request clarifications on scope for Fate and Transport workplan  
**Importance:** High

Dave, John,

I received a call from Paul Rosasco of EMSI this morning, wanting answers to a number of questions he and the PRPs have on the SOW you wrote for the Fate and Transport SSFS workplan. I indicated to him that since I did not write it I could not explain or answer most of his questions on that SOW. Most of his questions were to understand the nuanced language used in the SOW. I told Paul I would set up a call with you so that he and his team could get the answers they need directly from you.

Please provide me ASAP with your availability over the next few weeks for a 2-hour conference call to provide clarification on Paul's questions.

Sincerely,

Daniel R. Gravatt, PG
